Dear Chair Granger and Ranking Member DeLauro,

I am requesting funding for the Danville, NH New Police Department Building in fiscal year 2024. The entity to receive funding for this project is in the Town of Danville, located at 210 Main St, Danville, NH, 03819. The funding would be used for the building of a police station for the Danville Police Department. This funding would help create offices to meet staffing needs, secure booking areas to process adult and juvenile detainees, and an impound yard to hold vehicles and other impounded property. It will also allow for the Danville Police Department to build three garage bays, additional restrooms, a larger parking area for employees and visitors, and an exercise and training area.

The project is an appropriate use of taxpayer funds because it will allow the town and police department to address the needs of their citizens, including minors, and mental health and drug related situations. It will also return existing space used by Danville Police Department to the Danville Fire Department.

This project has a Federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Chris Pappas".
